Dear Store Manager,

I have discovered a unique and powerful herbal supplement that is new to the market. This product is named SanAshwa and it is a safe and effective daily dietary supplement for good health and happiness. SanAshwa's unique and synergistic combination of AGW-20™ (Ashwagandha), Holy Basil, Black Pepper and Zinc has been proven, through clinical trial, to help manage stress, improve focus, and feel better.

I would greatly appreciate it if you would carry SanAshwa in your store. I will help you sell them by telling all my friends about the treats and your store. In addition, your store's name and address will appear on SanAshwa's website making it easy for people in our area to find you.

One more thing, May I take a picture of us with this letter to send to SanAshwa?

Kind regards,

Requested by: _____ Date: _____

Address: _____ Telephone: _____

Please contact me with your decision.
